# Ashutosh Raj

Bihar, India | kumarashutosh369@gmail.com | +916204907194 | in/ashutosh-raj1 | www.ashutoshraj.com

## SUMMARY

Data Analyst / BI Fresher with hands-on experience in Excel, SQL, Power BI, and Python (basic + pandas). Strong background in software development, enabling efficient data handling, automation, and dashboard creation through real-world projects and internship experience.

## SKILLS

Data & BI: Excel (Pivot, Charts, Formulas) | SQL (Joins, Aggregations, CTEs, Window Functions) | Power BI (Data Modelling, DAX Basics, Dashboards) | Python (Basics, Pandas)

Technical:  MySQL, JavaScript, HTML, CSS, React, PHP

Soft Skills: Analytical Thinking, Problem Solving, Communication, Teamwork

## EXPERIENCE

**Full stack Developer (Intern)**

Quantamise Code — April 2024 - December 2024, Bengaluru, India

• Redesigned and launched the company website, improving UI/UX, performance, and SEO.
• Worked with structured data in MySQL to support dynamic applications and internal reporting needs.
• Designed and optimized SQL queries for faster data retrieval in admin panels and dashboards.
• Collaborated with cross-functional teams and gained hands-on exposure to data flow, backend logic, and production systems.

## PROJECT

**Digital Attention Leakage Index**

Self Project  •  ashutoshraj.com/  •  January 2026 - January 2026

• Built an analytical model to measure productivity loss from digital distractions.
• Cleaned and transformed behavioral data using Excel and SQL.
• Created an interactive Power BI dashboard showing attention score, app-wise impact, and time-based patterns.

**Sales Performance & Profitability Dashboard**

Self Project  •  ashutoshraj.com/  •  January 2026 - January 2026

• Analyzed retail sales data to identify trends in revenue, profit, and customer segments.
• Processed raw data using Excel (pivot tables, formulas) and SQL (joins, aggregations).
• Built a Power BI dashboard with sales trends, top products/regions, and profit vs revenue insights.

**Quantamise Code Website**

Quantamise Code  •  www.quantamisecode.com  •  September 2024 - October 2024

• Redesigned and launched the company website using React, PHP, HTML, CSS, and JavaScript.
• Improved performance, responsiveness, and SEO, delivering a production-ready site within one month.

**News Website Development for Ahle Subah**

Client Project  •  www.ahlesubah.com  •  December 2025 - January 2026

• Designed and customized a WordPress-based news platform with responsive layouts.
• Implemented SEO using Yoast and delivered a fully functional CMS for editors.

## EDUCATION

**Masters in Data science and Artificial Intelligence - in progress**

BITS Pilani  •  Digital  •  2028

**B.Tech. Civil Engineering**

MIT-World Peace University  •  Pune, Maharashtra, India  •  2024

**Senior Secondary**

Litera Valley School  •  2020

**Matriculation**

BSP Central School  •  2018

## CERTIFICATIONS

**Data Analytics with Excel, SQL, Power BI & Python**

Offline Training Program, Patna  •  2026

**Introduction to Java and Data Structures**

Coding Ninjas

**The Complete 2024 Web Development Bootcamp**

Udemy

**React, The complete guide 2024**
